BRYAN CHEMINI APPOINTED ASSOCIATE MEDIA PRODUCER

PITTSBURGH, PA – Bryan Chemini joins the Veteran Voices of Pittsburgh Oral History Initiative production team as an associate media producer.

Mr. Chemini, who lives in Aliquippa, Pennsylvania, is a multimedia designer with a degree in multimedia technologies, video production, and 3-D design from the Pittsburgh Technical Institute. Since 2012, he has worked as a freelance videographer and editor, as well as a production assistant and studio equipment trainer at Moon Community Access Television (MCA-TV). His other television experience includes overseeing and assisting production at Comcast Channel 14.

We are very excited that Bryan will be helping us manage our production needs and rapidly growing media archive of veterans' interviews," said Kevin Farkas, Director of Veteran Voices of Pittsburgh. "His solid experience with video and audio production, film techniques, and editing will be an asset to our team. Bryan is a highly skilled media producer, and he will contribute greatly to the success of our mission."

The Veteran Voices of Pittsburgh Oral History Initiative--in partnership with the nonprofit Veterans Breakfast Club since 2012--captures, preserves, and shares the stories of local veterans of all eras and branches of service. The project offers over 100 hours of online stories by local veterans, and its archive holds more than 500 recorded stories gathered from Veterans Breakfast Club events, the Heinz History Center, Soldiers & Sailors Memorial Hall, and nearly fifty other locations throughout Western Pennsylvania.
